melody has the swing which will make you minute you hear it. Great for a dance tune or for quartettes.

At first I thought this title may strike you as slightly suggestive, but it is not. It is just a decided clever arrangement of the "cute" type of song dealing with little "love affairs" of boy and girl. You will better understand title of song by following addition: "Maybe I could make you love me," DON'T YOU THINK YOU'D BETTER LET ME TRY? Our word for it, there is a real treat in store for you when you get this song, as it will more than please you. The want to sing the melody and easy to harmonize for quartettes.

MY WONDERFUL DREAM OF YOU

By NICK CAMPBELL and WILL L. LIVERNASH

You'll be much glad to have this song. It's the snappiest "Dream" Song ever written. That's saying a lot, but when you hear it, you will say the same thing. The melody is so catchy and captivating that you just can't let it alone. There is "something doing" all the time, in every note and every line. There are a number of extra catch lines to be used on extra choruses, and all in all, MY WONDERFUL DREAM OF YOU is the latest in "nifty" song novelties.
